The Austrian Societies are delighted to strongly support this ESH-Congress and are looking forward to give you a warm welcome in Vienna in 2008.

The Spectrum of the
11th Congress of the European Society of Hypnosis
in Psychotherapy and Psychosomatic Medicine

will consist of Symposia on the latest advances in research & clinical areas. We look forward to offering intense training workshops, conversation hours and Video sessions.

The congress language will be English. German and French contributions and workshops are welcome too, but will be without translation. All participants will have to pay a registration fee.

Deadline for Abstract submission: 31st January 2008

MISSION STATEMENT

The ambition of the 11th ESH Congress is to summarize the latest advances in clinical and scientific progress in the field of hypnosis and hypnotherapy. We deliberately want to promote scientific and clinical work, focussing also on young researchers/clinicians to enter the field of hypnosis. Therefore we are grateful to Otto Lesch, who offers a prize of EUR 2000.- to award the best poster. In honour of the work of Peter Berner, who encouraged young researchers in Vienna to engage their work in hypnosis, this prize will be named "Peter Berner Poster Prize".

The Congress will be open to the entire spectrum of health professionals, including basic and clinical researchers, psychologists, psychotherapists, general practitioners and all specialists in medicine, trainees and students.

SOCIAL PROGRAMME

We are preparing a Special Social Programme with music of highest quality in some of the most wonderful places of Vienna, a visit to the Sigmund Freud Museum and an evening spent in a typical Austrian wine tavern in Vienna where you will be served a delicious Austrian buffet and excellent local wines while enjoying the atmosphere of a traditional restaurant.
